**Let Down the Bars  
and Buy Now**

PRICES in the DRY GOODS industry  
are back to a level where you can now buy  
with confidence.

WHOLESALE and retailers have  
successfully weathered the storm period  
and stabilized business is near at hand.

A new era of prosperity is in sight.

A great good has been accomplished  
in getting business back on a sound basis.  
Speculating in merchandise is at an end.

Buying what you need when you need  
it will create safe and sound business.  
Complete cessation of buying however,  
would stop the wheels of commerce and  
throw labor out of employment.

Wishing you a **HAPPY AND PROS-  
PEROUS NEW YEAR.**
